### *Telelink Conference Program*

The Telelink Conference Program began in 2003. It is a free weekly program that begins each Friday at 4 pm and concludes with the blessing of the Shabbat candles at 4.45 pm.

Philosophical, religious, and social topics are offered for discussion. Members are expected to prepare ahead each week.

It is an ideal activity for elderly people who are frail in health or for carers who are looking after a spouse or relative. If a loudspeaker phone is available then both carer and spouse can participate. Two of its positive aspects are that it takes place in the home and there is no charge.

Summarised letters and emails are sent to group members each week which summarise what was of note. This helps memory recall and strengthens the feeling that someone cares.
